Excellence is our standard.

Long life G90  
Steel Panels

The Pin & Key System  
ensures the tightest fit

## RotaryLok Bulletins

### Superior Billboard face panels by design

- 20 gauge G-90 steel for long life and twice the durability of galvanized
- Each panel is roll formed on all four sides for strength
- True width sections to fit standard bulletins
- Tongue and groove design eliminates wind trespass
- Hangers installed to your specification
- Hardware available for angle iron and wood stringers
- Easy to install extensions using our ClipIt-CutOut system
